**EMBANKMENT**  
TRENT BRIDGE

## Welcome to the Embankment

From a private client meeting to a large-scale conference, the Embankment is the perfect setting for meetings of 6-100 people.

We understand that to get the most from a day out of the office, people need an environment which will boost creativity. The Embankment allows you to connect with colleagues and clients away from the distractions of daily business. You also need to have confidence in the premises and service. We have a tradition for hospitality, friendly atmosphere and comfort.

The events team is committed to helping you create, plan and organise your event. Professionalism and customer service are extremely important to us; no detail will be left out.

Our conference facilities are unique; steeped in the history of one of the most successful businesses that Nottingham has produced. Jesse Boot, the famous pharmacist and Nottingham entrepreneur, based his business and a retail chemist outlet here almost a century ago. His office has now been restored into our spectacular Jesse Boot Boardroom, perfect for business meetings, while the former social area has become the breathtaking Lord Trent Room.

So, whether you choose to host your conference in the Jesse Boot Boardroom, or your company's training day in the surroundings of the Lord Trent Room, our staff will be on hand to ensure that the event runs to your exact requirements.
