## BEER GIN

During the CV-19 lockdowns, like many others we found ourselves with surplus beer in the cold store. As part of our continuing drive to reduce waste, we decided on a little experiment...

We started working with a distillery to turn our surplus beer into gin!

Our available gins this week are:

#008: A zesty, fragrant, citrus gin with a hint of sichuan pepper spiciness.

#007: Containing summer berries and notes of liquorice and coriander.

### BEER GIN #008

70CL • 40% ABV

A zesty mix of orange peel, grapefruit and lime for a fresh and fragrant gin. A medley of citrus fruits and a touch of fiery sichuan pepper make this gin a wonderful match for a classic tonic.

### BEER GIN #007

70CL • 42% ABV

We're dreaming of summer with this one. Fruity, summer berries give a wonderful balance to the floral earthy base of juniper, liquorice, angelica and coriander.
