Wine & Beer Menu

A fine selection from around the globe

Wines

We use the 'Verre de Vin' system at the Poppy and Pint to ensure that wine in opened bottles remains fresh and in prime drinking condition. This means we can serve an extensive range of wines by the glass – even sparkling! Try them and enjoy.

Beers

A full range of real ales is available with a constantly changing array of guest beers. See the black board for details.

We are also delighted to offer a selection of international bottled beers. In addition to the well-known classics we have included some less-known, rare imports.
